## Our Wood Standard: Craftsmanship & Value

### Getting started

**Outside dimensions?** When ordering a frame, the measurements we need are the outside dimensions of your art package (this includes matboard, art, mounting board, and glazing). We then add a **1/8" allowance** to each of your measurements to ensure a bit of space when you put it all together.

**Rabbit depth?** The rabbit or depth (D) is the inside depth of the moulding where your mat, mountboard, art and glazing rest. Please be sure to keep rabbit depth in mind when using double or triple mats as they tend to be thicker and may exceed normal rabbit depths.

### Please note

**Frames are sent unassembled unless assembly is requested.**

**Unassembled Frames** ► Documounts' unassembled frames are shipped in cut length form and routed for thumbnails, which are included (see right). All unassembled frames are sent with easy-to-follow assembly instructions. Wood glue is not included.

**Assembled Frames** ► There is a \$7.50 fee per frame if you would prefer us to assemble them. Each frame is custom cut, fully joined, and wrapped for shipment. Assembled frames cannot exceed 20" x 24" due to shipping constraints.

All wood frames, assembled or unassembled, are sent with 2 hangers, 2 wood hanging screws and corner bumpers. Hanging wire and points are not included.

### Wood Moulding Pricing

Documounts now offers mix and match pricing on wood frames. This means that you get substantial savings on your wood frames when you purchase 4-6 frames and then again at 7+ quantity. These frames do not need to be the same size or style for you to save.

The wood frames are divided into 4 categories. Each moulding is assigned a category, A-D. The category is noted alongside the moulding, below the description. Once you

60"	\$63.11	\$30.29	\$26.50

Documounts' wood moulding can be cut from 6" to 60" in length. Please round up to nearest size for pricing.

**Get pricing online!**

[www.documounts.com](http://www.documounts.com)

identify the category you can price your size by adding the two dimensions. The category column will show the price based on the total number of frames you are getting. Prices are per pair.

For example: If you are getting a 16 x 20 frame in category A and you will be getting 7 frames all together, your price for that frame will be: \$18.52. The 16" is \$8.24 and the 20" is \$10.28. Round up to the next whole number for any fractions. Add \$7.50 to the amount if you want the frame assembled (frames can only be assembled up to 24").

## Category "B" Pricing
