## Why Metal Frames?

The beauty and strength of metal moulding makes it a great framing choice. We offer a variety of profiles and colors to best showcase your art. You'll discover that our Nielsen metal frames are easy to use, economical and durable. Plus, for your convenience, all the hardware you need to put your frames together is included with your order.

Nielsen moulding can be cut in sizes ranging from 6" to 60" in length.

Backloading frames can be cut in sizes ranging from 5" to 20" in length.

Round up to nearest size for pricing. We add a 1/8" allowance to each of your measurements to make sure your art fits perfectly within the frame. Frame joining instructions can be found on our website or will be included with your order upon request.

**Volume discounts** ► Order more and save! You'll receive a 10% discount when you order 12 or more identical metal frames.

Check out online deals!

[www.documounts.com](http://www.documounts.com)

**Nielsen Hardware** ► Your metal moulding order includes all the hardware you need to put your frames together.

**Nielsen Metal Frames include:**

- Spring Clips** (used to secure the art package within the frame channel)
- Back Plates** (used with tapped corners)
- Tapped Corners** (used with back plates; just tighten screws to join corners)
- Eurohangers** (for hanging wire)
- Cushioning Bumpers**

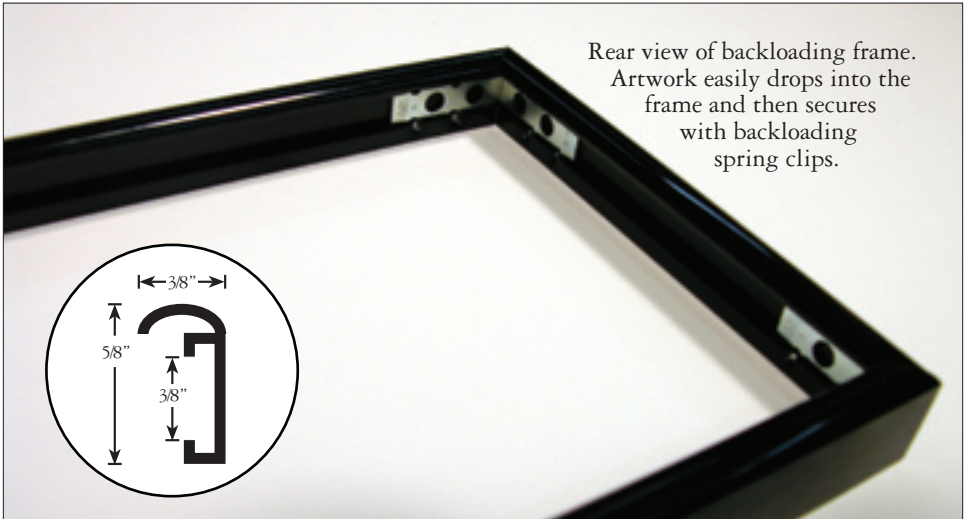

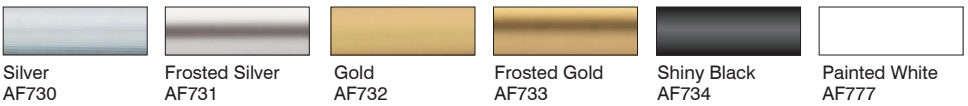

**Hanging wire is not included**

## Backloading Frames

For a quick and more economical alternative to traditional metal frames, Documounts offers aluminum backloading frames in several colors. Designed for small framing projects, these frames come fully constructed with spring clips and 1 snap-in V clip for easy hanging.

**Please note:** Backloading frames cannot be hung with wire and are not recommended for projects over 20" in width or height.

Rear view of backloading frame. Artwork easily drops into the frame and then secures with backloading spring clips.
